Corner of Vermijo and Sierra Madre • 3 blocks west of the Courthouse on Vermijo By WALTER R. MEARS
WASHINGTON (AP) — At
hootenannies and railies, ribbon
cuttings and tea parties, Sen
Barry Goldwater's two sons and
two daughters are pitching into
a family crusade aimed at making the Arizonan the Republican
presidential nominee.

"It's almost like running a pair of candidates ourselves the man who is handling the political travels of hard-running Barry Jr. 25, and Michael, 24, said today.

The two Goldwater sons are doing more traveling than their father these days.

"We have a full-time man assigned to scheduling and to traveling with the boys," said James Huff, national director of Youth for Goldwater. "They re good campaigners

"They learned a lot in New Hampshire Hart added. Of course, we all did "Goldwater trailed Henry Cabot Lodge in New Hampshire's leadoff presidential primary.

The Goldwater girls, Peggy, 19, and Mrs. Thomas Ross, 27, have pitched in at tea parties and receptions, headquarters ribbon cuttings, and often on campaign platforms with their father.

Peggy, who will be married in June, often turns up with the senator on Eastern campaign, swings As a student at Mt. Vernon Junior College, she sticks pretty close to Washington, but she has been representing the family at ladies gatherings around the capital

Mrs Ross—Jo Anne—lives in Torrance. Calif. She has been busy opening headquarters and shaking hands in Southern Calicontinental trip to stand in for continental trip to stand in for her mother at a Garden City.

Mike and Barry Jr. have traveled from Missoula, Mont. to the ski slopes of New Hampshire, to the primary battlefields of California, drumming up support for Goldwater among young Republicans—and sometimes among their elders.

They've been representing their father at colleges, gatherings of campaign workers, and in handshaking person-to-person tours. Barry Jr. did one Oregon campaign stint in a helicopter Both boys were active in Illinois, where Goldwater made only one major campaign appearance before winning the April 14 primary

"My father always taught us children to cherish a philosophy which promoted individual freedom," Mike told a crowd at Rockford, Ill.

"You all have an invitation to drop into the White House any time next year and say hello," he added

Harff said Mike is at his best in off-the-cuff talks. Barry Jr. uses prepared speeches at many of his campaign stops.

The Goldwater boys have done some campaigning their elders couldn't match. Barry Jr. shook some New Hampshire hands on the slopes at the Mt. Gunstock ski area in Belknap The boys teamed up—with Mike at the guitar—to sing "I'm for Barry" at a hootenanny rally in New York.

Both of them will devote most of their time to campaigning in Oregon early next month, then head for California to hunt Goldwater votes in the June 2 primary.

Michael, who works for a Phoenix bank, and Barry Jr, a Los Angeles investment broker, are on leaves of absence for the campaign.

Right now Barry Jr. is stumping the South and Mike is at work in the northern Plains. Barry Jr. campaigns in Little Rock, Ark., Tuscaloosa and Birmingham. Ala, today. Mike

South Korean Student **Demonstrations Subside** 

SEOUL, South Korea (AP)-Student demonstrations subsided today after five days of bloody clashes. The government promised stern punishment of future offenders.

Riots Tuesday left nearly 100 persons injured. Police used tear gas and clubs to disperse about 2,000 college students, who threw rocks at officers and tried to force their way through police barricades around government buildings.

East realized that time was of the essence in today's hand and, while he still retained the lead, he launched that attack which appeared to offer the only chance to defeat South's four spade contract.

When North heard his partner overcall the opening one heart bid with one spade, he resolved to be in game since he had a sound opening bid himself. Holding ample trump support for an overcall, he proceeded directly to four spades.

West opened the three of hearts and East cashed the first two tricks in that suit. When his partner showed out on the second round, he paused to reflect on his side's prospects. South was now known to have five hearts and presumably five spades as well for his overcall There could not be many tricks in sight for the defense then in the minor suits, and whatever was obtainable must be gotten to quickly before the dummy's clubs became established for discards.

East reasoned that, unless his partner had the queen of diamonds as well as the ace of clubs, all hope was lost. He shifted therefore to a small diamond at trick three. West put up the queen to force out the ace. South came off dummy with a small diamond and, after a moment's reflection, East put up the king dropping declarer's ten.

With book in, it appeared that the only other trick that the defense could hope to win was the ace of clubs, and if that trick was to be cashed—then there was no time to lose, for North's jack of diamonds was now established for a discard. East therefore shifted to a club and West produced the ace for the setting trick.

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is self-control, no more, no less. It must be consistent with the truths expressed in such great moral guides as the Golden Rule and the Declaration of Independence.
